**MAYOR RICHARD GREEN**

**MAYOR'S REPORT  
STATE OF THE CITY ADDRESS**

**MAYOR RICHARD P. GREEN**

**May 2, 1989**

Ten years ago last week I announced that I would be a candidate for Mayor of Rochester in the 1979 municipal elections. During the campaign that followed I attempted to outline and establish goals that I believed that the government of the City of Rochester must pursue if this community was going to progress and prosper during the 1980s and beyond. Thus, during that campaign I promised that, if elected Mayor, we would:

- A. Address Rochester's sewerage treatment problems;
- B. Improve the quality of Rochester's drinking water;
- C. Broaden recreational and cultural opportunities for all our citizens;
- D. Improve our police and school departments;
- E. Expand our Industrial Base;
- F. Conduct city business openly and in accordance with the Right-to-Know Law; and,
- G. Most importantly, restore order to Rochester's finances and conduct city affairs in a businesslike manner.

In the ensuing years, I am pleased to say that, as a result of much hard work and the efforts of many people both here in Rochester and throughout the area, we have met or exceeded the goals we established a decade ago. We have:

- 1. Built new water and sewer treatment facilities;
- 2. Extended municipal water and sewer to areas of the city never before serviced by such utilities.
- 3. Developed and adopted Rochester's first Master Plan and enacted a new zoning ordinance;
- 4. Significantly improved the equipment and increased the staffing levels of the Rochester Police Department;

5. Promoted recreational and cultural offerings, i.e. restored the Rochester Commons; opened a Community Center on Hanson Street; started the Opera House restoration;

6. Embarked upon a comprehensive school building program at the elementary, middle and high school levels;

7. Completed a program of downtown revitalization;

8. Restored Rochester's credit rating, adopted sound business practices, and put this city on a firm financial footing;

9. Expanded affordable housing for our citizens, i.e. Wyandotte Falls Elderly Housing Project; and,

10. Finally, laid in place the foundation that is currently allowing Rochester to enjoy industrial expansion; a renaissance that has made Rochester the envy of the entire state.

When I announced my candidacy ten years ago, not many people in Rochester believed I would win the election. Ten years later many people wonder if I will ever leave the Mayor's Office.

To those people I say "Yes" - the time has come. We have achieved the goals we established, and I believe the City of Rochester is stronger today than at anytime in its history. Consequently, I believe that this is an appropriate time for me to indicate that in the municipal elections scheduled for this fall I will not be a candidate for any local political office.

I anticipate that within the next several weeks I will be making an announcement regarding my future political plans. However, regardless of those plans, the people of Rochester will be faced with significant political decisions this fall regarding Rochester's form of government and its leadership in the years ahead. I feel that in making those decisions it is important for the people of Rochester to be aware that Dick Green will not be a candidate for Mayor or any other local office in Rochester this year regardless of the form of government that the city may have.

And finally, to all my many supporters a warm and sincere thank you for allowing me the great opportunity to serve my community in a leadership role.

Signed,

Mayor

### RESOLUTIONS ADOPTED BY THE ROCHESTER CITY COUNCIL DURING FISCAL YEAR 1988-89

**RESOLUTION DECLARING THE NEED FOR REVISIONS TO  
THE ROCHESTER CITY CHARTER AND ESTABLISHING  
A SPECIAL ELECTION FOR DETERMINING WHETHER THE  
VOTERS DESIRE TO ESTABLISH A CHARTER COMMISSION  
AND PROVIDING FOR THE ELECTION OF CERTAIN MEMBERS  
OF SAID CHARTER COMMISSION**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER AS FOLLOWS:

WHEREAS, the voters of the City of Rochester as part of the regular municipal election held in November, 1987, indicated, in response to several non-binding referendum questions, that they desire certain changes in the form of government of the City of Rochester be made, which changes can only be implemented through changes in the Rochester City Charter; and

WHEREAS, the Mayor and the City Council of the City of Rochester are desirous that all of the citizens of Rochester have an opportunity to participate, insofar as is possible, in the process of charter revision, so that any proposed changes to the Rochester City Charter will have the support of the citizens of the City of Rochester; and

WHEREAS, The procedures for revising city charters are set forth in and governed by the provisions of Chapter 49-B of the New Hampshire Revised Statutes Annotated;

NOW THEREFORE, the Mayor and the City Council of the City of Rochester hereby take the following actions to initiate the charter revision process:

1. The Mayor and City Council of the City of Rochester by this resolution hereby determine, in accordance with the requirements of RSA 49-B, I, that revisions to the Rochester City Charter are necessary.

2. That the Mayor and the City Council of the City of Rochester hereby order that a Charter Commission be established in the City of Rochester for the purpose of carrying out the process of charter revision in accordance with the provisions of Chapter 49-B of the New Hampshire Revised Statutes Annotated.

3. That the Mayor and City Council of the City of Rochester hereby order that in accordance with the requirements of RSA 49-B, V, a special municipal election be held on October 11, 1988, at which time the question of the establishment of a Charter Commission be submitted to the voters. It is further ordered that at said special municipal election the election of voter members of such Charter Commission shall also be held in accordance with the provisions of RSA 49-B, 4, I (a).

4. That such special election shall be conducted in all respects in the same manner as regular municipal elections provided, however, that persons desiring to run for membership on the Rochester Charter Commission

shall have their names printed upon the special municipal election ballot upon their filing with the City Clerk not later than 5:00 o'clock in the afternoon of the 30th, nor earlier than 9:00 o'clock in the forenoon of the 45th day prior to the date of said special municipal election, a declaration in writing that such person is a candidate for the Charter Commission to be elected at said special municipal election. There shall be no filing fee for said election.

## **RESOLUTION AUTHORIZING SUPPLEMENTAL APPROPRIATION FOR THE ROCHESTER SCHOOL DEPARTMENT**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the sum of Three Hundred Thirty-eight Thousand Six Hundred Twenty-five Dollars (\$338,625.00) is hereby appropriated as a supplemental appropriation to the 1988-89 School Department fiscal year operating budget for the purpose of providing funds necessary for liability insurance in the amount of Thirteen Thousand Nine Hundred Ninety-four Dollars (\$13,994.00), pupil transportation in the amount of One Hundred Ten Thousand One Hundred Sixteen Dollars (\$110,116.00), and salaries for new staff in the amount of Two Hundred Fourteen Thousand Five Hundred Fifteen Dollars (\$214,515.00); said appropriation to be subject to the receipt by the Rochester School Department of the sum of Three Hundred Thirty-eight Thousand Six Hundred Twenty-five Dollars (\$338,625.00) from additional Foundation Aid to be distributed to the Rochester School Department as a result of the State of New Hampshire's allocation of excess New Hampshire Sweepstakes revenues to cities and towns and to the inclusion of such funds as additional revenue in the 1988-89 School Department fiscal year operating budget.

## **RESOLUTION AUTHORIZING SUPPLEMENTAL APPROPRIATION FOR THE PLANNING AND DEVELOPMENT DEPARTMENT**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the sum of Five Hundred Ninety-nine Thousand Dollars (\$599,000.00) is hereby appropriated as a supplemental appropriation to the 1988-89 Planning and Development fiscal year capital budget for the purpose of providing funds necessary to develop the Ten Rod Road Industrial Park, so-called, said funds received by the City in their entirety from the proceeds of the sale of lots within the Ten Rod Road Industrial Park subdivision.

**RESOLUTION AUTHORIZING THE  
SALE OF LOTS 1, 3 and 7  
IN THE TEN ROD ROAD INDUSTRIAL PARK**

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

That the Mayor be, and hereby is, authorized on behalf of the City of Rochester to enter into and execute such Purchase and Sale Agreements, Deeds and other necessary documents and instruments to convey Lots 1, 3 and 7 in the Ten Rod Road Industrial Park subdivision at the per lot price stated in the Ten Rod Road Industrial Park budget and subject to such terms, conditions, and restrictions as may be in the best interests of the City of Rochester.

**RESOLUTION AUTHORIZING  
COVENANTS, CONDITIONS AND  
RESTRICTIONS FOR TEN ROD ROAD  
INDUSTRIAL PARK PROPERTY AND  
AUTHORIZING THE PROCEDURE FOR  
THE SALE OF LOTS WITHIN SAID INDUSTRIAL PARK**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

WHEREAS, the City of Rochester has recently acquired a tract of land consisting of approximately 73.80 acres situate on the Ten Rod Road from the Public Service Company of New Hampshire for the purposes of developing an industrial park to be known as the Ten Rod Road Industrial Park; and

WHEREAS, the Rochester City Council has previously authorized the City to enter into a contract providing for the development of said tract of land as an industrial park through the construction of roads and the extension of water and sewer facilities to said tract of land; and

WHEREAS, it is the desire of the City to encourage quality industrial development within the City by making lots within the Ten Rod Road Industrial Park available for purchase by private parties as rapidly as possible; and

WHEREAS, the development of a high quality industrial park for the City of Rochester at the Ten Rod Road Industrial Park will be aided by the imposition of certain covenants, conditions and restrictions upon the

manner in which lots within the Ten Rod Road Industrial Park may be used and the speed with which industrial development must take place once a lot is sold by the City; and

WHEREAS, the City recognizes that attracting new industries to locate within the City of Rochester requires that prospective industrial lot purchases be treated with discretion; and

WHEREAS, the City recognizes that it is necessary that prospective purchasers of lots within the Ten Rod Road Industrial Park be able to enter into Purchase and Sale Agreements with the City in an orderly and businesslike fashion and that property transfers occur in an expeditious manner;

NOW THEREFORE, the Mayor and City Council of the City of Rochester hereby adopt the following resolutions regarding the establishment of covenants, conditions and restrictions covering the lots owned by the City of Rochester within the so-called Ten Rod Road Industrial Park and governing the City's sale of lots within said Industrial Park:

1. The Mayor is hereby authorized to sign the attached "Declaration of covenants, Conditions and Restrictions, Ten Rod Road Industrial Park, Rochester, New Hampshire" annexed hereto as Exhibit A on behalf of the City of Rochester, and to take such steps as are necessary to see that such document is recorded in the Strafford County Registry of Deeds so that such restrictions shall be applicable to all lots within the Ten Rod Road Industrial Park sold by the City of Rochester.

2. That the Rochester Economic Development Commission and the Mayor are hereby authorized to negotiate with and enter into Purchase and Sale agreements with prospective purchasers of lots within the Ten Rod Road Industrial Park, so-called, on such terms and conditions and for such price as may be in the best interest of the City of Rochester, provided however, that such Purchase and Sale agreements and the authorization of the issuance of a deed to any lot within the Ten Rod Road Industrial Park shall be subject to the approval of the Rochester City Council.

**RESOLUTION REGARDING TRANSFER  
OF REAL PROPERTY TAKEN FOR NON-PAYMENT  
OF PROPERTY TAXES**

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

That in accordance with the requirements of RSA 80:42, the Mayor is

hereby authorized to transfer all right, title and interest of the City of Rochester in two parcels of real estate, described as Map 61 Lot 94 and Map 61 93, by quitclaim deed to William P. Valliere, upon the payment to the City of all outstanding taxes and interest owed to the City of Rochester for the tax year 1984 and 1985, title to such property having been deeded to the City by Tax Collector's Deeds dated December 7, 1987 and recorded at Book 1359, Pages 586 and 587, respectively for failure of the said William P. Valliere to pay the real property taxes assessed against said property for the years 1984 and 1985.

**RESOLUTION AUTHORIZING SUPPLEMENTAL APPROPRIATION  
FOR THE ROCHESTER SCHOOL DEPARTMENT**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the sum of Twenty-three Thousand Seven Hundred Sixty Dollars (\$23,760.00) is hereby appropriated as a supplemental appropriation to the 1988-89 School Department fiscal year operating budget for the purpose of providing funds necessary to operate a New Hampshire Job Training Program, said funds to be 100% reimbursed to the Rochester School Department by the New Hampshire Job Training Council.

**RESOLUTION AUTHORIZING  
PURCHASE OF LAND SITUATE  
ON THE COCHECO RIVER  
OWNED BY THE ROMAN CATHOLIC  
BISHOP OF MANCHESTER**

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

That the Mayor of the City of Rochester be, and hereby is, authorized to purchase on behalf of the City of Rochester a parcel of land of approximately 7,344 square feet, bounded by the Cocheco River, and being more particularly shown on a plan entitled "Plan of Land Taking, Rochester, N.H. from the Roman Catholic Bishop of Manchester for the City of Rochester" dated July, 1988, by Norway Plains Survey Associates, Inc., from the Roman Catholic Bishop of Manchester for the sum of Five Thousand (\$5,000.00) Dollars. The Mayor is hereby authorized to sign any documents and to take such other actions necessary to effectuate such purchase.

**RESOLUTION REGARDING THE INTERSECTION OF  
SOUTH MAIN STREET AND COLUMBUS AVENUE**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the City of Rochester will comply with the requirements of the State and Federal Governments to maintain the highway, to prevent encroachments, to allow free flow of traffic, and to accept responsibility of future operating costs of Rochester, NH - Intersection Project No. MG-M-5389 (004), C-2442-B, and that power is vested in the Mayor to sign the necessary Agreements and Plans for the City of Rochester to reflect such Agreement.

**RESOLUTION REGARDING TRANSFER  
OF REAL PROPERTY TAKEN  
FOR NON-PAYMENT OF PROPERTY TAX**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That in accordance with the requirements of RSA 80:42, the Mayor is hereby authorized to transfer all right, title, and interest of the City of Rochester in a parcel of real estate, described in Map 15, Lot 18, by quitclaim deed to Nellie Weymouth, upon the payment to the City of all outstanding taxes and interest owed to the City of Rochester for the tax year 1982 and an amount in lieu of taxes and interest equal to the taxes due the City of Rochester for all subsequent tax years to the present, plus any legal costs, title to such property having been deeded to the City by Tax Collector's Deed dated June 7, 1985 and recorded at Book 1173, Page 119, for failure of Blanche Watson to pay the real property taxes assessed against said property for the year 1982.

**RESOLUTION REGARDING  
ORDER TO REPAIR, RAZE OR REMOVE  
BUILDINGS LOCATED AT 7 AND 9 SIGNAL  
STREET, ROCHESTER, NEW HAMPSHIRE**

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

WHEREAS, Edward F. Rumazza of 9 McKinley Street, Rochester, New Hampshire, is the owner of a certain parcel of land with buildings thereon, situate at and known as 7 and 9 Signal Street, Rochester, New Hampshire (Rochester Tax Map 52, Lot 383); and

WHEREAS, the building situated at 7 Signal Street, Rochester, New Hampshire, consisting of a two (2) story frame building, has for many years been inadequately maintained and was involved in a fire on or about September 30, 1981, rendering the structure remaining after such fire dilapidated, unsafe and a fire hazard; and

WHEREAS, the building situated at 9 Signal Street, Rochester, New Hampshire, consisting of a one (1) story frame building, has for many years been inadequately maintained and was involved in a fire on or about December 5, 1987, rendering the structure remaining after such fire dilapidated, unsafe and a fire hazard; and

WHEREAS, the owners of the aforesaid land and buildings has failed to secure such buildings and to take steps to repair and/or raze or remove such unsafe buildings.

NOW THEREFORE, in accordance with the provisions of RSA 155-B:2, the Mayor and City Council of the City of Rochester hereby adopt the following order:

1. The said owner of the land and buildings situate at 7 and 9 Signal Street, Rochester, New Hampshire (Tax Map 52, Lot 383), is hereby ordered to raze or remove the fire damaged buildings situated at 7 and 9 Signal Street, Rochester, New Hampshire on or before December 5, 1988 because such structures are dilapidated, unsafe and constitute a fire hazard.

2. Unless the aforesaid corrective action is taken, or unless an answer is filed within the time specified in RSA 155-B:6, a motion for summary enforcement of this order will be made at the Rochester District Court.

**RESOLUTION AUTHORIZING  
DISCONTINUANCE OF HART ROAD**

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

WHEREAS, a Petition has been filed with the Mayor and City Council of the City of Rochester requesting that the dirt road, now or formerly known as Hart Road, which road is currently a Class VI highway, be discontinued; and

WHEREAS, it appears that said Hart Road abuts land of the City of Rochester currently used in connection with the Rochester Water Treatment Plant and reservoir; and

WHEREAS, said Hart Road may join a highway in the Town of Barrington; and,

NOW, THEREFORE, the Mayor and City Council of the City of Rochester hereby resolve that pursuant to the provisions of RSA 231:43, that portion of Hart Road located in the City of Rochester and lying between the entrance to the Rochester Water Treatment Plant and the Barrington Town Line is hereby discontinued.

It is further resolved, in accordance with the requirements of RSA 231:44 that the City Clerk, on behalf of the Mayor and City Council of the City of Rochester, shall notify the Selectman of the Town of Barrington, by registered mail, of the fact of this discontinuance by forwarding to the Chairman of the Board of Selectman and the Town Clerk of the Town of Barrington a copy of these minutes within fifteen (15) days of the adoption of this resolution.

**RESOLUTION AUTHORIZING SALE OF  
LOT #6, TEN ROD ROAD INDUSTRIAL PARK**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the Mayor of the City of Rochester be, and hereby is, authorized to convey Lot #6 in Ten Rod Road Industrial Park, Ten Rod Road, Rochester, New Hampshire, as more particularly shown on a certain plan entitled "Subdivision of Land, Ten Rod Road Industrial Park, Rochester, N.H.," said plan being recorded in the Strafford County Registry of Deeds as Plan 35-1, upon such terms and conditions as shall be in the best interests of the City of Rochester and in furtherance of such conveyance, the said Mayor is hereby authorized to execute any and all deeds and other instruments necessary to effectuate such conveyance.

**RESOLUTION AUTHORIZING BOUNDARY LINE ADJUSTMENT  
BETWEEN LOTS 3 AND 4 IN THE TEN ROD ROAD INDUSTRIAL PARK**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

The City of Rochester, as owner of said land located within the Ten Rod Road Industrial Park, said land being more particularly shown on the plan entitled "Subdivision of Land, Ten Rod Road Industrial Park, Rochester, N.H.," said plan being recorded in the Strafford County Registry of Deeds as Plan 35-1, and in accordance with the provisions of paragraph 9 of the "Declaration of Covenants, Conditions and Restrictions, Ten Rod Road Industrial Park, Rochester, New Hampshire" recorded at Book 1415, Page 114 of the Strafford County Registry of Deeds, which are applicable to the subject premises, hereby authorizes the adjustment of the boundary line

between Lots 3 and 4 as shown on the above-referenced plan and the modification of said subdivision plan in accordance with the provisions of a certain plan entitled "*Lot line Revision, Ten Rod Road Industrial Park*" by Norway Plains Survey Associates, Inc., dated *October, 1988*.

BE IT FURTHER RESOLVED, that the Mayor of the City of Rochester is hereby authorized to sign any and all documents on behalf of the City of Rochester necessary to effectuate said boundary line revision, and to reflect the consent of the City of Rochester to such boundary line revision in a form appropriate for recording.

**RESOLUTION AUTHORIZING AMENDMENT TO  
DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS  
FOR THE TEN ROD ROAD INDUSTRIAL PARK**

BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER, as follows:

WHEREAS, the City of Rochester is the owner of a certain tract of land situate on the Ten Rod Road in Rochester, New Hampshire, which tract was acquired from the Public Service Company of New Hampshire; and,

WHEREAS, the City of Rochester is in the process of developing said tract of land as an industrial park known as the Ten Rod Road Industrial Park; and,

WHEREAS, the Rochester City Council, by vote of August 2, 1988, as subsequently modified by vote of October 4, 1988, approved the subjecting of the land located within the so-called Ten Rod Road Industrial Park to a "Declaration of Covenants, Conditions and Restrictions, Ten Rod Road Industrial Park, Rochester, New Hampshire," which covenants and restrictions were dated October 13, 1988 and recorded in the Strafford County Registry of Deeds at Book 1415, Page 114; and,

WHEREAS, said Declaration of Covenants, Conditions and Restrictions, provides that "... any or all of said covenants, conditions and restrictions may be waived, abandoned, terminated, modified, altered or changed at any time by the consent of all the record owners of all the lots depicted on the aforesaid plan"; and,

WHEREAS, paragraph 7 of the aforesaid "Declaration of Covenants, Conditions and Restrictions" as recorded in the Strafford County Registry of Deeds and entitled "Set-Backs" provides for certain set-back requirements for buildings to be constructed in the aforesaid Ten Rod Road Industrial Park; and,

WHEREAS, the prudent and orderly development of the lots located within the Ten Rod Road Industrial Park can be best achieved by a modification of the set-back requirements provided for in paragraph 7 of the aforesaid "Declaration of Covenants, Conditions and Restrictions, Ten Rod Road Industrial Park" recorded at Book 1415, Page 114 of the Strafford County Registry of Deeds.

NOW THEREFORE, the Mayor and City Council of the City of Rochester hereby approve the amendment and modification of the provisions of paragraph 7 of the "Declaration of Covenants, Conditions and Restrictions, Ten Rod Road Industrial Park, Rochester, New Hampshire" dated October 13, 1988 and recorded in Book 1415, Page 114 of the Strafford County Registry of Deeds, so that the aforementioned paragraph 7 regarding set-backs shall be as contained in the attached "First Amendment to Declaration of Covenants, Conditions and Restrictions, Ten Rod Road Industrial Park, Rochester, New Hampshire" as annexed hereto as Exhibit A, and the Mayor of the City of Rochester is hereby authorized to sign said document on behalf of the City of Rochester and to take such other steps as are necessary to see that such document is recorded in the Strafford County Registry of Deeds and is made applicable to all of the lots located within the so-called Ten Rod Road Industrial Park. It is further agreed that should additional lots in the Ten Rod Road Industrial Park be sold by the City of Rochester prior to the recording of a fully executed First Amendment in the form annexed hereto as Exhibit A, that the form of the said Exhibit A may be modified to reflect the consent(s) of any necessary parties to such First Amendment.

**RESOLUTION AUTHORIZING SUPPLEMENTAL APPROPRIATION  
FOR THE ROCHESTER SCHOOL DEPARTMENT**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the sum of Six Thousand Three Hundred Eighty-four Dollars and Seventy-five cents (\$6,384.75) is hereby appropriated as a supplemental appropriation to the 1988-89 School Department fiscal year operating budget for the purpose of providing funds necessary for the purpose of the Governor's Initiative Grant, said funds to be 100% reimbursed to the Rochester School Department by the State of New Hampshire.

**RESOLUTION DETERMINING  
NECESSITY FOR LAYING OUT OF  
A SECTION OF SPAULDING AVENUE AND  
BRIDGES OVER SALMON FALLS RIVER AND CANAL**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER, AS FOLLOWS:

WHEREAS, the Mayor and City Council of the City of Rochester, held a public hearing on January 17, 1989 in the New Spaulding High School Cafeteria in said Rochester at 7:00 p.m. to determine if there is the occasion for the necessity for the laying out of a section of Spaulding Avenue; and,

WHEREAS, representatives of the State of New Hampshire, Department of Transportation, appeared at said hearing and outlined the plans for such layout of such section of Spaulding Avenue; and,

WHEREAS, said representatives of the State of New Hampshire, Department of Transportation estimated that the City of Rochester's share of the cost of such project would be \$105,000.00 for Bridge No. 030/097 - Spaulding Avenue over the Salmon Falls River, and \$53,333.00 for Bridge No. 030/096 - Spaulding Avenue over Canal; and,

WHEREAS, the Town of Milton is currently authorized to locate its existing sewer line outfall within the aforesaid project area and the aforesaid project may require the repair, replacement or relocation of said Town of Milton sewer line outfall.

NOW, THEREFORE, the Mayor and City Council of the City of Rochester hereby determine that the occasion for the necessity for the laying out of

of a section of Spaulding Avenue exists for the construction of bridges over the Salmon Falls River and Canal and, further, said Mayor and City Council hereby approve the repair, replacement and relocation of said Town of Milton's sewer line outfall within said project boundaries.

## **RESOLUTION RELATIVE TO AMENDMENT TO CITY OF ROCHESTER EMPLOYMENT POLICIES FOR NON-UNION PERSONAL**

**BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE  
CITY OF ROCHESTER:**

That the City of Rochester "Employment Policies for Non-Union Personnel," adopted February 7, 1984, and as amended on May 5, 1987 and on September 8, 1987, be and hereby is further amended by deleting there from the section beginning on page 7, as amended, entitled "INSURANCE" and inserting in its stead the following:

### **INSURANCE**

All full-time City employees shall be eligible to receive single, 2-person or full-family coverage in a BC-BS program provided through the New Hampshire Municipal Association or another health plan providing equivalent or improved benefits, coverages and services, paid for by the City. Coverage shall go into effect two months after the first of the month following date of hire. For example, if employee's date of employment is

December 15, health coverage would be effective March 1. The City need not provide health coverage if the employee is already covered under the same or a similar health plan. If an employee is found to have dual coverage, the employee must pay back to the City an amount equal to the premiums paid by the City during this time. Available coverages and claims procedures shall be reported annually to covered employees. Specific benefits will be outlined in the health insurance handbook provided by the agency administering the program.

It will be the City's policy that employees may be enrolled in the City's Health Plan and may include their spouses and children even though the employee's spouse is enrolled in another plan at his/her place of employment and the employee is included in that plan. The term "dual coverage" is thus defined as not allowing duplication of benefits resulting from claims. In order to insure that such duplication of benefits does not occur, the following method of paying claims will be followed:

*City Employee:* Claims to be paid first by the City's plan; the spouse's plan is secondary.

*Employee's Spouse:* Claims to be paid first by the spouse's plan; the City plan to be secondary.

*Employee's Dependents:* Claims to be paid in accordance with who has the earlier birthdate in the calendar year. If the employee has the earlier birthdate, the City plan is to be primary and the spouse's plan secondary. If the spouse has the earlier birthdate, the spouse's plan is to be primary and the City plan secondary. If, however, the spouse and the employee have the same birthdate, or if the spouse's plan does not conform to the established coordination of benefits regulation - other states or self-funded - then the plan which has covered either individual for the longest period will be primary and the other secondary.

It is the intention of the City to fully abide by State and Federal laws and regulations regarding the coordination of health benefits paid under the City's Health Plan.

All full-time employees are provided at no cost to the employee with a \$5,000 life insurance policy effective on the same date health insurance coverage becomes effective.

**RESOLUTION ESTABLISHING SPECIAL ELECTION DATE  
RELATIVE TO THE PROPOSED NEW CITY CHARTER**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That a special municipal election be held on Tuesday, September 12, 1989, for the purpose of submitting to the voters the question of adopting the proposed new City Charter as submitted by the Rochester Charter Commission. This election shall be held in accordance with and pursuant to the requirements of RSA 49-B:4.

**RESOLUTION RELATIVE TO POLLING HOURS AND POLLING PLACES**

BE IT RESOLVED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

That the following polling places are hereby established for the September 12, 1989 Special Municipal Election and for the November 7, 1989 Regular Municipal Election:

*Ward 1:* New East Rochester School Gymnasium - Portland Street

*Ward 2:* Army Reserve Center - Rochester Hill Road

*Ward 3:* Gonic Elementary School/Multi-purpose room - Railroad Avenue

*Ward 4:* National Guard Armory - Brock Street

*Ward 5:* Elk's Lodge #1393 - Columbus Avenue

Further, that in accordance with RSA 659:4, all polling places shall be open from 10:00 AM to 7:00 PM on said Election Days.

TO MAYOR RICHARD GREEN AND MEMBERS OF THE ROCHESTER CITY COUNCIL:

## **ADDEDUM TO STATE PRIMARY ELECTION RETURN REPORT**

### **DISTRICT 11: DEMOCRATIC PRIMARY**

The tie vote between write-in candidates Bruce May and Caroline McCarley was resolved, by lot, at the Secretary of State's Office.

Bruce May won the coin toss and his name will appear on the November 8 State General Election Ballot as a Democratic candidate for District 11 Representative to the General Court.

Caroline McCarley had submitted a declaration of intent during the June filing period and her name will appear on the ballot as an "Independent" candidate for District 11 Representative to the General Court.

### **DISTRICT 10: REPUBLICAN PRIMARY**

By request of Robert Jean, a recount for the District 10 Republican Primary was conducted by the Secretary of State on September 22, 1988. All votes cast for that office were recounted, with particular attention to the write-in votes. With the vote returns from the Town of Strafford included, John O'Brien received the most write-in votes and his name will appear on the November 8 State General Election Ballot as a Republican Candidate for District 10 Representative to the General Court.

The vote returns from Ward 3 and Ward 4, City of Rochester, varied by only one (1) vote after the recount was completed.

Respectfully submitted,

Gail M. Varney,  
*City Clerk*

TO MAYOR RICHARD GREEN AND MEMBERS OF THE CITY COUNCIL:

**REPORT OF FILINGS, CITY CHARTER COMMISSION MEMBERS**

The following individuals filed as candidates for the City Charter Commission during the filing period for the special October 11, 1988 Special Municipal Election:

Brian P. Brennan  
George F. Brown  
Fred H. Chisholm  
Arleen Clark  
Michael L. DuBois  
Edward L. Flanagan  
Donald W. French, Jr.  
Maurice L. Gagne

Betty B. Pallas  
Charles A. Peroni  
Sherman M. Reed  
Roland R. Roberge  
David C. Tinkham  
Robert J. Watson  
Danford J. Wensley

Candidates' names will be listed alphabetically on the ballot and six (6) individuals will be elected, *if* the voters approve the following question which will appear on the same ballot: "Shall a charter commission be established for the purpose of revising the City Charter or establishing a new City Charter?"

Respectfully submitted,

Gail M. Varney  
*City Clerk*

## REPORT OF THE DEPARTMENT OF CODE ENFORCEMENT 1988 - 1989

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

The Code Enforcement Department has been extremely active during this 12 month period. As the population of Rochester continues to grow so does the responsibility of the department to enforce the rules and regulations of the City of Rochester. This office remains dedicated to this responsibility and will continue its program of positive code enforcement as a means of ensuring the health and safety of the citizens of Rochester.

The total revenue collected by the Code Enforcement Department was \$94,958.06 and is catagorized as follows:

Food Establishment Licenses .....	\$ 8,620.00
Animal Control .....	2,084.50
Code Enforcement Permits .....	16,764.95
Building Permits .....	67,488.61
	<hr/>
	\$94,958.06

The total amount expended by the department, including a \$20,000.00 subsidy to the Rochester Visiting Nurses Association, was \$154,795.17.

### BUILDING INSPECTION

Major duties of the department include the administration of the BOCA Building Code, review and issuance of building permits, and inspection of construction sites to ensure their conformance to the Zoning Ordinance, Planning Board Approvals, and the Building and Life Safety Codes.

This year Rochester maintained a steady growth trend in the construction of single family homes and saw a sharp decline in the construction of multifamily buildings. During this period the City also experienced a marked increase of construction in the industrial sector. Prime examples of this industrial growth are the construction of the 125,000 square foot Cabletron Systems Inc. facility, the 100,000 square foot Teledyne Laars Inc. plant, and the 19,500 square foot Roger Cloitre building each located in the City developed Industrial Park.

The total of 1,548 building permits were issued with an estimated building cost of \$25,946,415.00. The following illustrates the continued growth within the City during the 1980's.

YEAR	BUILDING ESTIMATE COST	PERMITS ISSUED
81-82	\$ 3,086,107.95	425
82-83	6,620,778.00	454
83-84	5,469,322.50	510
84-85	15,161,269.00	707
85-86	26,409,601.00	1,005
86-87	57,445,635.00	1,727
87-88	34,510,382.00	1,400
88-89	25,946,415.00	1,548

## HEALTH

The major health related duties of the department continue to be the licensing and inspection of the City's food establishment industry. We have worked closely with the owners and operators to ensure compliance with the N.H. rules for the sanitary production and distribution of food. During the year, each food establishments was inspected a minimum of two times and as a whole Rochester's food establishment continue to maintain their national average of 85%.

The Department also performed inspections of day care and foster home facilities, investigated housing code complaints and responded to various health related concerns of the citizens of Rochester.

The Animal Control Officer, Mr. Frank Callaghan, has remained very active. With the continued growth in the City, his has become an increasingly demanding position. Mr. Callaghan has done an excellent job in responding to the public needs.

The Board of Health has conducted meetings throughout the year and has accomplished many tasks as a Board. During the year I have served as the Board of Health's representative on the Chemical Awareness and Planning Advisory Committee, William Keefe has served on the Rochester Substance Abuse Task Force and Dr. Britton has served on the Solid Waste Task Force.

The Board of Health is comprised of the following members:

Dr. Thomas Moon, D.V.M. - Chairman

Dr. Joseph Britton, M.D. - City Physician

Mr. John Stowell, H.O. - Secretary

Dr. James DeJohn, M.D.

Mr. William Keefe, P.D.

## CODE ENFORCEMENT

Other general activities performed by the department included inspection and licensing of mobile home parks, inspection of public school buildings and licensing of bowling alleys, movie theaters, pool tables, taxi cabs, junk yards, secondhand dealers, video games and hawkers and peddlers.

Respectfully submitted  
John Stowell - Director of Code Enforcement

## REPORT OF THE LIBRARIAN OF THE ROCHESTER PUBLIC LIBRARY 1988-1989

TO THE HONORABLE MAYOR, CITY COUNCIL AND BOARD OF TRUSTEES OF THE ROCHESTER PUBLIC LIBRARY:

Nineteen eighty-eight/nineteen eighty-nine was a year of change in the history of the Rochester Public Library. Computer technology came to the library in the form of computerized ordering of library materials, the installation of a dataline to connect Rochester and other area libraries to the computer at the University of New Hampshire/Durham, and in June two Online public catalogs became available. Significant progress was made in converting the library holdings to machine readable form for entry on the regional library database. The decision to relocate the library from the South Main Street building, where it has been housed for more that eighty years, was also made this past year.

### PERSONNEL

At the close of the year all library positions were filled. Two children's librarians on the staff made possible a full schedule of children's programs and provided assistance to many children. The presence of a director, a technical services librarian and a reference librarian has made possible more hours of professional reference service.

This past year the library board adopted formal job descriptions for all library staff. The current job descriptions are standard library job descriptions which reflect position titles, duties, skills and education required for similar positions in other public libraries. Staff development activities/conservation workshop, and attendance at the New Hampshire Library Association Annual Conference.

### COLLECTION

As part of the retrospective conversion project, all items in the collection are being systematically evaluated. Worn and obsolete materials are being discarded and current titles purchased where needed. More complex and a greater number of reference questions have called for the purchase of a greater number and variety of reference materials. Changing technology in the recording field has brought about the demise of phonograph record collections in the library. Tape cassettes and video cassettes are now purchased instead.

### FACILITIES

This year the decision was made by the City of Rochester to relocate the library, along with the Recreation Department and the Fire Department, to the present Spaulding High School. Although the present library building

is now considered a temporary location, it is being maintained in as good a condition as possible pending the city's decision on its use or disposition. The proposed new location has the potential to become a spacious, functional, accessible and attractive public library.

## SERVICES

There were 113,815 items circulated by the library from July 1, 1988 to June 30, 1989. This is a 10.5% increase over 87/88. Both children's and adult circulation grew during the past year. The automated acquisitions order system, which the library began using this past year, has made possible faster delivery of new materials.

The conversion of the library's holdings from paper to computerized records proceeded at a much faster rate the last six months of the year when Roberta Ryan, former director, became head of Technical Services and was able to devote full time to this part of library operations. As the year closed, about 20% of the library's holdings were included on the Seacoast Area Integrated Library System (SAILS). Tangible results of this activity and the months and years of planning done by SAILS participants and the State Library became available in June when two Public Access Catalog Terminals were installed in the adult area of the library. This computer version of the familiar card catalog lists owned by other libraries in the SAILS area as well as those owned by the Rochester Public Library.

The access to other library collections, which the Online Catalog provides, stimulated an increase in interlibrary loan requests. Rochester loaned more material to order libraries in 1988/89 (267) than in the previous year (200).

There were 7548 reference questions recorded in 1988/89. This was an 85% increase over 1987/88.

Book related discussion groups continue to be popular with area readers. A Great Books discussion group meets regularly and a New Hampshire Council for the Humanities sponsored discussion series was well attended during January, February and March.

Children's programming included a summer reading program with 152 participants and story hours, film programs, and special programs attendance combined for a total of 5,214 children.

It is with great pleasure that I serve as Director of the Rochester Public Library. The support of my co-workers, the dedication and hard work done by the Library Trustees, and the interest and contributions of the Library

Friends, and the cooperation of other city departments are all appreciated.

The increasing use which Rochester citizens make of their library is heartening to me and to the library staff.

Respectfully submitted,

Tedine J. Roos

## **REPORT OF THE DEPARTMENT OF PLANNING, DEVELOPMENT AND ZONING 1988-1989**

**TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF  
ROCHESTER:**

Fiscal year 1988 can be defined as a transitional year. The enormous residential application of the past three years is now changing to one of many commercial and industrial proposals. The reduced amount of applications will allow the Department to prepare for the future influx of growth related development.

Population estimations from the office of State Planning indicate that Rochester is now the largest Seacoast city. Careful planning of the past has allowed the city to remain in control of the many problems but the projected population increase requires that we maintain an active planning position to meet the problematic challenges of the future.

As in the past, the Department in 1988 spent a large percentage of its time on application processing. The staff's desire to improve techniques and service to the public was represented in the use of management consultants, workshops, and constant interdepartmental discussions concerning quality control. Some time was found for "true planning" with landscape design, highway planning, and ordinance and regulation development. We also worked on strategies for upgrading the systems for inspection and testing of good site design.

With a landscape designer/environmental planner on staff, we are in the process of emphasizing the aesthetics and continuing the pride in Rochester movement.

The 1989 year will provide even greater challenges with continual planning support services to the people of the city. The Department's staff, seasoned with time and possessing a high level of skills, is dedicated toward maintaining and increasing the quality of life for the residents of the city.

### **COMMUNITY DEVELOPMENT**

During the 1988-89 program year \$100,000.00 was expended toward the completion of the "courtyard addition" and elevator in order to make the City Hall and Police Station handicapped accessible. The Community Development Department has continued to provide technical services and financial assistance to support adequate supplies of safe, decent, sanitary, handicapped accessible, and affordable housing for low/moderate income families in Rochester. The Community Development Staff committed time to locally administer support to rehabilitate twenty-one (21) units in Rochester. Financial assistance for the twenty-one (21) units was provided by the Rochester Housing Rehabilitation Program, State Rental Rehabilitation and the 312 Loan Program. The Community Development Department is currently processing approximately thirty-five (35) single-family owner occupied applications for C.D.B.G. rehabilitation assistance.

The City of Rochester recognizes the need to expand housing opportunities for lower-income persons and has made a commitment to participate in area wide solutions of housing problems. In recognition of this growing problem and the need for workable solutions, the Mayor and City Council approved the recommendation from the Community Development Department to change the designated target area to "City-Wide". This change will allow the city to provide all residents with the opportunity to live in safe and affordable housing.

The 1989-1990 program year is to be one of the most active CD years for residential rehabilitation. The forty new single-family sites, scattered throughout the City, will require a considerable effort on the part of the small CD staff.

## ECONOMIC DEVELOPMENT

It is with a great deal of pride that we report today that the manufacturing health of the city is in excellent condition. Many existing companies are expanding their plants as well as their work force. Cabletron Systems led the way with their plans for a new 125,000 sq. ft. building. We are delighted with the success of this young firm. We nominated Cabletron to be included in INC. Magazine's 500 Fastest Growing Private Companies. When it was announced that they were No. 7, there was a tremendous amount of positive publicity for Cabletron and the City of Rochester.

We are also proud of the expansions of some of the other companies that help give Rochester a broad manufacturing base. Companies like Label Tech, Curtis 1000, Precise-Pak, Chambers & Chambers, PAC Tool, Granite State Plating and Thompson Tool, all added space in the past year. Another good sign for the city is the employment levels at some of the companies. A few years back we were crushed to learn that Spaulding Fibre was closing their specialty board division. The good news is that today, Spaulding's employment levels in Rochester are as high as before the closing of the division. In addition, the North Rochester facility was purchased by Tillotson Rubber Company. The company recently started manufacturing latex gloves and they expect employment levels to exceed 100 by the end of 1989. As local companies grow, we provide for them.

The need for manufacturing space and fully developed industrial sites is an area where we have played a key role. Last year at this time, the purchase of the Ten Rod Road site was mired in the bankruptcy court. Through a great deal of perservance and hard work, the sale of the site to the city was approved by the judge in June 1988. Public Service Co. employees joined with the city to push this project forward. Wasting little time, the Ten Rod Road project went out to bid, was under construction and before long we were selling lots.

Praise must be given to all who moved quickly to make this a success, the Mayor for his strong support, and the City Council for approving the

budget and responding quickly to necessary changes. Norway Plains Survey Associates for their extra effort and always being available. Midway Construction, GCG Associates, Northern Utilities and Whitman and Howard for doing a good job and helping us stay on a tight timetable. And George Stearns for being so cooperative and allowing us to use his property during construction.

The Ten Rod Road Park is a great success. As of this writing, we have sold four lots accounting for almost 75% of the park. This will also account for over 250,000 sq. ft. of building under construction. We expect that when the park is fully utilized, we will see taxes in excess of \$200,000 per year. Not bad for a piece of land that we currently received about \$8,000.

The importance of the park is the fact that we have also been able to provide a location for an existing industry to build on. We certainly have been successful in attracting industry to build on. The city is the envy of many other communities in its ability to attract companies. This attractiveness is the result of hard work and many years of preparation. We are sure our success will continue. We would like to express our sincere appreciation to the citizens of Rochester for their continuing support.

PLANNING BOARD

This hardworking Board provided a fine service to the city under the able chairmanship of Stephen Lewis. Board members are Stephen Lewis, Julie Brown, Matthias Marquardt, Kenneth Ortmann, Thomas Murtagh, Dennis Barbeau, Neil Lechance, James McManus, Jr., and Joanne Spurling. Charles Grassie Jr. left the Board at the end of the year and his hard work and dedication was appreciated by all. The following table represents comparative two year workload of the Board:

	1987- 1988	1988- 1989
Limited Subdivisions . . . . .	31	24
Major Subdivisions-Preliminary . . . . .	23	4
Major Subdivisions-Final . . . . .	35	13
Applications for License to operate a Mobile Home Park . .	0	1
Applications for Site Review . . . . .	55	43
Applications for Excavation Permits . . . . .	1	2
Lot Line Revision . . . . .	0	11

The Board also, spent considerable time on ordinance and regulation reviews, miscellaneous business, training, and many other planning functions:

ZONING

Membership on the Zoning Board of Adjustment can be thankless job.

The members worked hard under the required pressures but the casualties were high. With the exception of Warren Ranagan and James Clark all members are fairly new. The other Board members are Anne Cote, Sieglinde Fizz, Tammy Maskell and Bill Potter. The department designed a training seminar consisting of a mock session that went so well the Office of State Planning "stole" the concept.

The following table represents the applications processed for the year:

	Approved	Denied
Special exceptions .....	29	0
Variances .....	46	8

The Z.B.A. is the protector and facilitator of the Zoning Ordinance. With a membership of excellent potential and an efficient staff, the coming year should witness some fine decision making. The Board thanks Bob Hamilton, John Lehmus, Joseph Hagan, and Richard Rogers for their fine service.

Respectfully submitted,

Peer Kraft-Lund  
Planning, Development and  
Zoning Director

**REPORT OF THE ROCHESTER POLICE DEPARTMENT, 1988-1989**

## REPORT OF THE PUBLIC BUILDINGS DEPARTMENT 1988-1989

TO THE HONORABLE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:

The responsibilities of the Department consisted of repair and maintenance of assigned City buildings, as well as maintenance of parks and recreational facilities. Staff members included the Public Buildings Supervisor, the Public Buildings Foreman, one full time maintenance person, on full time City Hall custodian, two contract custodians for the East Rochester and Gonic Town Halls and two temporary summer employees.

Major accomplishments for the period included: the construction of a new hallway in the basement of City Hall to provide handicapped access from the new elevator addition, renovation of the business administrators office and the computer room, installation of a mechanical ventilating system to supply fresh air to the business office, maintenance of the outdoor swimming pools, flooding and maintenance of outdoor skating rinks and snow plowing.

The Department will continue, with the cooperation of the Mayor and City Council, to revitalize the City's physical plants.

Respectfully submitted,

John Stowell  
Supervisor of Public Buildings

## REPORT OF THE DEPARTMENT OF RECREATION AND YOUTH SERVICES 1988 - 1989

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF  
ROCHESTER:

The Department of Recreation and Youth Services is comprised of three programs, Recreation, Court Diversion, and the Youth Connection, all administered under a single budget.

The Recreation program provides a diversified range of activities to meet the leisure time needs of the community.

The Court Diversion program provides an alternative to the judicial system for selected Rochester youths who have committed delinquent offenses.

The Rochester Youth Connection program "connects" mature stable adults with youngsters who need companionship and role-modeling. The program also provides interested youth with the opportunity to volunteer at selected worksites.

The coordinators are each responsible for the development and implementation of their individual programs. They work in conjunction with the Director who, in addition to this Recreation program responsibilities, performs various administrative duties.

The recreation program in the City continues to grow in size of program offerings as well as in stature in number of participants involved. We are very pleased to be able to offer the citizens of Rochester a wide variety of programs and still keep to the strict budgetary constraints..

The program continues to enjoy the cooperation with the many private youth sport leagues within the city. The efforts of these groups to help serve the needs of our youth in such a positive manner should be commended. We have also been pleased to be able to offer these groups coaches certification through the National Youth Sports Coaches Association.

Summer continues to be one of our busiest seasons, with residents able to enjoy three pools and the wading pool. We were able to instruct over 500 youth in Red cross swimming lessons from preschoolers through advanced lifesaving. We once again offered playground activities at four locations, tennis lessons, and youth track and field. We were also the host city for the State Hershey Youth Track and Field program, bringing over 650 youth participants to our city. Our Winter programs continue to expand at a rapid rate, offering basketball to youths in grades 1 through high school as well as open gym time for adults, the annual ski program again was a success. Throughout the year we have been able to offer a wide variety of new programs to the community including jazz, modern dance, ballet, creative movement, the community center game room, dog obedience classes, the Rochester recreation karate program, adult volleyball, and special trips are but to name a few.

During the past year, the Court Diversion program received forty-two official referrals from the police, schools, and court for youngsters who have broken the law. Another twenty young people in need of support were assisted in a less formal manner. Criminal offenses included criminal mischief, shoplifting, arson, burglary, possession of marijuana, theft, littering, and receiving stolen property. Half of the offenses were for shoplifting or criminal mischief. One quarter of the youthful offenders were of elementary school age, while fifteen attended Spaulding Junior High School, eleven attended Spaulding High School and six were not enrolled in any school.

In the Diversion program, participants are given the opportunity to act in a responsible manner through a carefully negotiated contract. As a result, \$1,058.39 was earned by youngsters to reimburse victims. In addition, 453 hours of service work were performed to benefit the community of Rochester.

Fourteen dedicated volunteers continue to meet monthly to put together creative contracts which help children to learn from their mistakes. The Diversion program also had the capable services of intern Erin Beirne, a senior at the University of New Hampshire in the Psychology Department. Erin worked twenty hours per week for the Spring semester.

In its third year, as a response to the needs of local youth, the Rochester Youth Connection was able to "match" 21 city children with adult companions. A volunteer and child spend 3-5 hours a week in activities they both enjoy. That means adult volunteers donated 2140 hours of service to the City and provided guidance, support, and friendship to troubled, at-risk youth. Expert in certain cases, these children are referred by the school system, which includes teachers, counselors, and administrators. There are presently over 25 youngsters waiting for adult companions.

In order to continue volunteer involvement the agency's volunteer advisory committee, made up of public relations professionals, guides the agency toward even more creative and innovative forms of recruitment.

One example was the very successful "tropical Affair held last February.

The Youth Connection also administers the Youth Volunteer Program, a program that places youth ages 12 to 16 in community service worksites for 2 to 4 hours per week. Student applicants receive training in interview skills and working habits as well as on the job training. The possibility of paid employment is excellent incentive for youth to do a good job and show their skills. There were 36 youth volunteers over the past year donating 1608 hours of service to the business and agencies.

The Department of Recreation and Youth Services continues to grow and work closely with other City Departments and agencies. We are striving to service the needs of the Community as well as maintain a high quality level.

I would like to thank the Mayor, the City Council, all of the various department heads and their personnel, the citizens of Rochester, and the countless volunteers for showing support and cooperation over the past year.

Respectfully submitted,  
W. Brent Diesel

## **REPORT OF THE SUPERINTENDENT OF SCHOOLS 1988-89**

### **TO THE SCHOOL BOARD AND CITIZENS OF ROCHESTER:**

The 1988-89 school year was a year of commitment to progress in the Rochester School Department. In one of its most visible actions showing this commitment, the Board brought us fully into the computer age by approving the purchase of enough computers to place one in almost every elementary school classroom. The funds for these computers came from impact fees paid by developers in the community, so it did not involve any tax money. The computers are used by students for a variety of things including creative writing, repetitive math drills that are much less exciting with pencil and paper, and to teach the keyboard skills that are becoming more important in our society each year.

Impact fees have also benefited our students by improving playgrounds and providing some of the other "extras" that frequently don't find their way into the regular budgets of school districts. In addition to the computers mentioned above, impact fee projects begun last year include playground improvements at New East Rochester School, revitalization of the Alternative School's Ropes Course which provides opportunities for students to develop teamwork and build self-esteem, new playground equipment at Gonic and Maple Street Schools which will be installed this Fall, and playground improvements at School Street School. We appreciate the outstanding support of the PTO's and PTA's at these schools. The impact fees have stretched much further because people were willing to donate time, equipment use and virtually everything else that didn't have to be purchased from the equipment suppliers.

Construction was completed on the Gonic Elementary School addition, and students moved into the new facility. Although the process was slow, with some frustrating delays in getting furniture and plugging roof leaks, the building is now fully operational and providing excellent learning space for the children in our community.

Curriculum revision continued in the 1988-89 year with the development of a new health program and review of portions of the home economics curriculum. In addition to looking each year and a few specific areas for a complete revision, we constantly review all parts of the curriculum to remain up to date and improve both what we teach and how we teach it to our students.

The Air Force Junior ROTC program at Spaulding High School became one of only two in the history of ROTC to be named an honor unit three years in a row. Approximately ten percent of ROTC programs nationally are designated as Honor Units each year. The designation is based on program excellence and involves a rigorous inspection in the Spring.

Rochester students shined in the area of scholarships again in 1988-89. A record \$103,917 in local cash awards was given to Spaulding seniors in addition to scholarships and grants in aid from colleges. These awards recognize excellence in academics, athletics and other pursuits. The extent of awards granted indicates a dedication to higher education by our students and their parents and shows an extraordinary commitment to our students by the community.

Honors were won at the elementary level as well, with the Olympics of the Mind team from Allen School winning first place in New Hampshire regional competition, sending one team to the state competition. Olympics of the Mind deals with creative problem solving. The students are given a situation or problem and asked to develop original ideas for resolving it.

Allen School and McClelland have both been approved for participation in New Hampshire's School Improvement Program with teams of teachers, parents, administrators and Board members. The teams look at the mission of the school, review its strengths and weaknesses, and plan for improvements in coming years based on what is known to make effective schools.

Rochester was also selected for participation in a drug abuse prevention training program administered by the *Northeast Regional Center for Drug-Free Schools and Communities*. The program will initially train teams of staff and community members from four Rochester schools in problem-solving and drug abuse prevention. After the initial program, these teams will develop new programs for the four schools and provide additional training for teams from other schools in order to expand the program throughout the School Department.

A particularly difficult issue was resolved through cooperation of the Police Department. In recent years, the School Department has had the

responsibility of providing crossing guards at some of the most heavily travelled intersections in the city. We felt unqualified to provide this kind of service for our city and were concerned that it could be better handled by the department which has the training and resources for safety on the streets. We are grateful to the willingness shown by the Police Commission and Police Department to step in and take this important responsibility.

As important as what was completed and accomplished in the 1988-89 school year was the extensive planning for the future that was begun or continued in the School District. The Department established its first comprehensive process for annual enrollment projections and looked at projected enrollment figures through 1989. These predictions indicate continued growth for several years and a need for additional classroom space for at least the next five to ten years.

After studying a number of alternatives, the first steps were taken in a major building program to address the immediate and long-term growth needs in the schools. The projects that have been approved include construction of an addition on McClelland Elementary School, which will be completed and occupied during the 1989-90 school year, construction of a new middle school for grades six through eight, renovation of and additions to the current Spaulding Junior High School to allow it to be converted back to a high school, and attachment of a new vocational center to the renovated facility. The current Spaulding High School building will be returned to the City for use as a municipal facility, housing several city offices and programs.

In addition to construction projects, our planning included a major change in the way we teach our children in the middle grades. Beginning with the 1990-91 school year, the ninth grade will be housed in the high school with the top three grades, and the junior high school concept will be abandoned in Rochester. In its place will be a middle school housing grades six through eight. While the grade span is the best known difference between junior high and middle school, it is only one of the differences. The middle school concept which was adopted by the School Board last year involves providing a gradual transition from the self-contained classroom of the elementary school to the departmentalized programs of the senior high school. In the middle school, students will be assigned to one of three small "houses" of the school. This will give the 1,200 student facility the feeling of closeness and eliminate the potential shock of going from a relatively small elementary school to a large middle school.

Last year was the year that federal law required the identification of asbestos problems and development of a management plan for dealing with asbestos in the schools. Rochester is in full compliance with federal law regarding asbestos in that we (1) have tested all of our buildings, (2) identified the locations containing asbestos, (3) documented the condition and relative safety of the asbestos, (4) removed that which could

present a health problem, and (5) established a plan for managing all asbestos in the schools which will either keep it out of the air or move it from the buildings. Virtually all of our buildings contained some asbestos, although in very small amounts in some schools.

Three buildings had asbestos which required removal. From the removal projects, we have established one school, the East Rochester Annex, to be asbestos-free. The asbestos-containing materials in other buildings are now contained in safe condition and will be monitored regularly until such time as all can be removed.

The School Department operated on a financially conservative course, returning more than \$200,000 to the city budget to help keep taxes down for the coming year. The most recent figures on cost per pupil indicate that Rochester remained one of the lowest spending school districts in New Hampshire. At 2,701.12, we were 143rd of 159 school districts listed in statistics from the Department of Education and were \$971.27 below the state average of \$3,529.39 per pupil.

While we recognize that there will always be room for improvement and we will continue to seek better performance in our schools, we believe that Rochester has a school system which operates efficiently, with a focus on student needs, and that we can be proud as citizens of our educational programs.

Respectfully submitted,

Raymond Yeagley  
Superintendent of Schools

## REPORT OF THE WELFARE DEPARTMENT 1988 - 1989

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF ROCHESTER:

In fiscal year 1988-89 the city budgeted \$130,000.00 for direct assistance. This was a cut of \$50,000 from the amount budgeted for 1987-88.

During the year the Welfare Department provided direct assistance to 196 families and 126 single persons for a total of 322 cases. Client contacts totalled 2590. The average length of assistance rendered was 29.7 days. Temporary emergency assistance was offered with every effort being made to assist recipients in reaching the goal of becoming independent of city assistance as soon as possible. Guidance was offered in job searches, locating housing, budgeting money and applying for assistance from other agencies where appropriate. This office has seen a sharp increase in the numbers of people applying for assistance and the amount of funds expended during the second half of the fiscal year. This increase is consistent with welfare increases throughout the state.

Expenditures for direct assistance were as follows:

Food .....	\$10,912.27
Fuel .....	609.88
Rent .....	66,612.67
Emergency Housing (Motels) .....	963.92
Public Service .....	6,205.32
Medical* .....	9,214.52
Dental .....	-0-
Bus Fare .....	-0-
Telephone .....	-0-
Miscellaneous .....	421.52
Burials .....	650.00
	<u>\$95,590.10</u>

Of the vouchers written for prescription medicines \$4,513.04 was charged to retroactive medicaid.

The Welfare Department took in reimbursements in the amount of \$9,698.70.

Office Expenditures were budgeted at \$64,127. Total expenditures for office expenses were \$63,768.65. The city contributed \$4,000.00 to the Community Action Program

I would like to express my thanks to the other two members of the Welfare Department - Judith Paradis, Social Worker and Gail Bennett, Secretary. We have worked together this past year in a team effort with a goal of effectively administering to those in need in the most cost efficient manner possible.

Respectfully submitted,

Jane F. Hervey  
Director of Public Welfare

## **FISCAL YEAR 1989 FINANCIAL REPORT**

**TO THE HONORABLE MAYOR AND THE CITY COUNCIL OF THE CITY OF ROCHESTER:**

I am pleased to submit the Fiscal Year 1989 Financial Report (unaudited) for the City of Rochester. This report, reflecting all of the City's financial activity for the fiscal year ending June 30, 1989, is being submitted unaudited in order to meet the Annual Report publishing deadline since the City's financial records are currently being audited.

It should be noted that, as in past years, all departments reflected expenditures below the amounts budgeted which helped achieve an increase of \$338,000 in the City's fund balance account to a total of \$1,765,200. A substantial portion of that balance will be used, as in past years, to reduce next year's taxes.

I am also pleased to report completion of the project to convert the City's financial operation from a mostly manual operation to a computerized system. This project, which began in November 1986 was completed in December 1988.

Respectfully submitted,

Richard Larochelle  
Business Administrator
